Warranty:

The product is covered by a guarantee against manufacturing defects. To use it at its best, read the user manual carefully.

The product contains a lithium battery which, like all lithium batteries, has specific maintenance procedures, under penalty of forfeiture of the warranty.

If you do not use the product for a long time, remember to recharge the battery at least every 6 months. For recharging, use ONLY chargers with the correct voltage (5V dc) and amperage (500 mA). The use of fast charge systems, is prohibited because it can permanently damage the battery.

Refer to the store where the product was purchased to access the support service.

The following conditions are not covered by the warranty,

- Exceeding the warranty period.
- Product damage caused by unexpected factors or human behavior.
- Product failure or damage caused by force majeure factors such as earthquakes, fires, floods, lightning strikes, etc.
- Unauthorized disassembly, repair or modification without the permission of the company.

Specifications	
Product	PA VOCE W/WL Pro
Max output power	40 W
Output impedance	4 Ohm
Frequency Response	120 - 18000 Hz
Charging Voltage	10 V DC
Battery	Litio 7,4 V - 2000 mA
Working Temperature	-10° / +45°
Working Time	Min 7 H
Size	100x115x52 mm
Weight	445 gr
